Re: MIKID Mohave County

To whom it may concern,

I am Commissioner Aaron M. Demke, Judge Pro Tem Division D of Mohave County. I am the Juvenile court Judge over the City of Kingman and the surrounding communities. I have worked with MIKID for almost 5 years as a judicial officer and for about 10 years before that as an attorney advocating for children in Juvenile Court.

MIKID has offered Family Support, Peer Support, Respite Services, Living Skills, Counseling/Therapy, and Health and Wellness Services to the families of Mohave County. I have worked with them and seen them serve in both Dependency Court cases and Delinquency cases.

In Dependency Court cases they are an invaluable resource to parents to assist them in reunifying with their children.

In Delinquency cases they assist the Children with coping skills and services to avoid future delinquency and to be successful on probation. They also help the parents develop skills to guide and manage children with behavioral health needs.

I am always glad and relieved when MIKID is involved in one of my cases because they are always helpful and an asset to the goals of Juvenile Court.

Sincerely,

A handwritten signature in black ink, appearing to read "Aaron M. Demke".

Commissioner Aaron M. Demke, Judge Pro Tem
